06/12/19	SURFACE AREA AND VOLUMES	TEST

The above plan is prepared and executed in class 10 for improving the quality.

The design of the new question paper pattern was analysed and studied thoroughly.

More time is being devoted to those chapter which have been assigned more marks by the CBSE.

Frequent test such as class test / slip test/ viva/ formula test are being conducted for better performance in upcoming board examination.

Writing speed matters a lot since CBSE question papers are large and lengthy, therefore students were emphasized in order to increase the writing and problem solving skill.

For bright learners various model question paper of the new design will be collected from CBSE website and given for regular practice.

Special care will be given for late bloomers during like periods and before the class hours.

The revision methodology is tailored separately for both the groups of class X (BASIC/ STANDARD).
